Designed for today's busy machine shop, the six-axis MULTI-GAGE provides a 1.2m measuring volume and out-of-the-box functionality. With an innovative and ergonomic design, the Multi-Gage is an ideal solution for measuring molds, parts, tooling, castings, and more. Its quick-mount system enables a quick setup for on-demand inspection of parts or assemblies on a machine tool or any location on the shop floor.

- Six-axis portable CMM with a 1.2m measuring volume
- Innovative counterweight design for easy-handling
- Ergonomic wrist design with intuitive, easy-to-reach buttons
- Plug-and-measure probes
- Effortless installation and automatic report generation
- Internal battery and optional Wi-Fi provide maximum portability

Part Number	EDP Number	Description	Price
